

Kevin Holm

Front-end Developer

SUMMARY

As a self-taught developer, I am a results-driven training specialist making the shift to the tech industry. I thrive in fast-paced environments. I perform well under pressure and am excellent in both independent and collaborative settings. I am eager to contribute to innovative projects as I am adaptable and detail-oriented.

WORK EXPERIENCE

Learning Specialist at Foundever, Kingston, Surrey

December 2020 — Present

- Accountable for training, onboarding, and upskilling 150 CSR/product specialists for a medical company specialising in diabetes devices on their helpline.
- Serve as the senior trainer for four distinct lines of business across Europe as I have the widest range of technological knowledge.
- Responsible for 'training the trainers.'

Recent Projects:

ASH Kennels— A modern and responsive website for a dog kennels that prioritises a user-friendly design. The site will highlight a diverse range of interactive services, providing a comprehensive platform for all dog-related needs.

Razor King— A straightforward barber website with a strong emphasis on responsiveness, speed, and user-friendly navigation. The site will feature a fast and easy-to-use contact form, ensuring a great experience for visitors looking to get in touch.

Stronger Together- Crafting a sleek and minimalistic website designed for a professional mentor, targeting prospective clients. The website is fully responsive, ensuring an optimal user experience across devices. It features an interactive contact form, facilitating seamless communication for potential clients interested in mentoring services.

Mechanical Engineer at AP Diesels | Englefield Green, Surrey

April 2020 — December 2020:

In my role as a mechanical engineer, I excelled in the reconditioning of diesel injectors, ensuring punctual delivery and meeting stringent quality standards. This position required robust self-management skills, as I was solely responsible for ensuring orders were fulfilled on time.

Lead Barista at Artizian Catering| Woking, Surrey

August 2019 — March 2020

As the lead Barista, I managed site allegiance and oversaw operations in the manager's absence, demonstrating leadership and accountability.
